Frozen EventVLA: evidence recovery and matched discard controls

Seed 100000

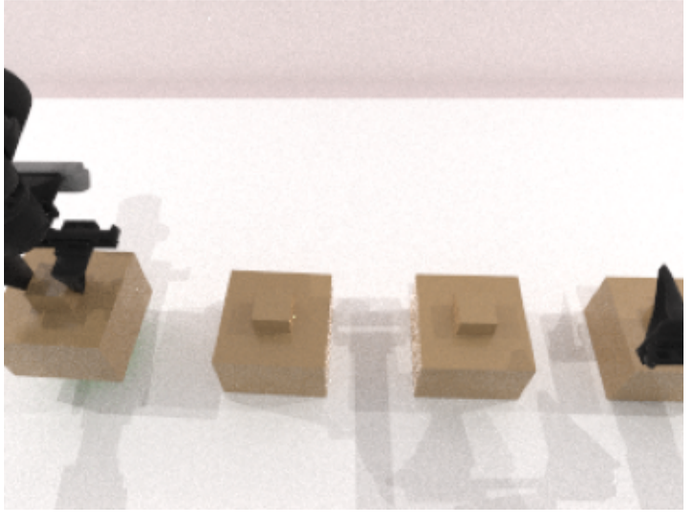

Keep original: correct reveal
101 policy actions

Recover + retain: correct reveal
84 policy actions

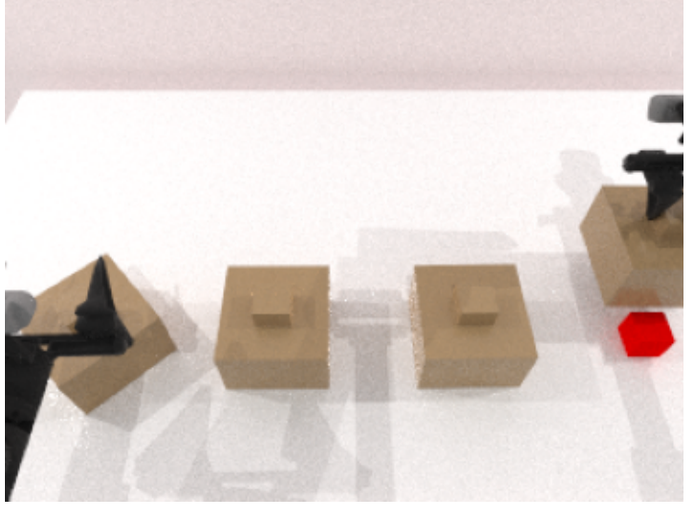

Recover + discard: wrong first lift
58 policy actions

Seed 100001

Keep original: correct reveal
101 policy actions

Recover + retain: no lift within horizon
300 policy actions

Recover + discard: no lift within horizon
300 policy actions

Two diagnostic parents. Runs stop at first wrong lift or first reveal; these are not full-task success rates.
